4th Mediterranean Plant  
Conservation Week

VALÈNCIA | 23-27 OCTOBER | 2023

How do we **raise awareness** and **involve local communities** in the project?

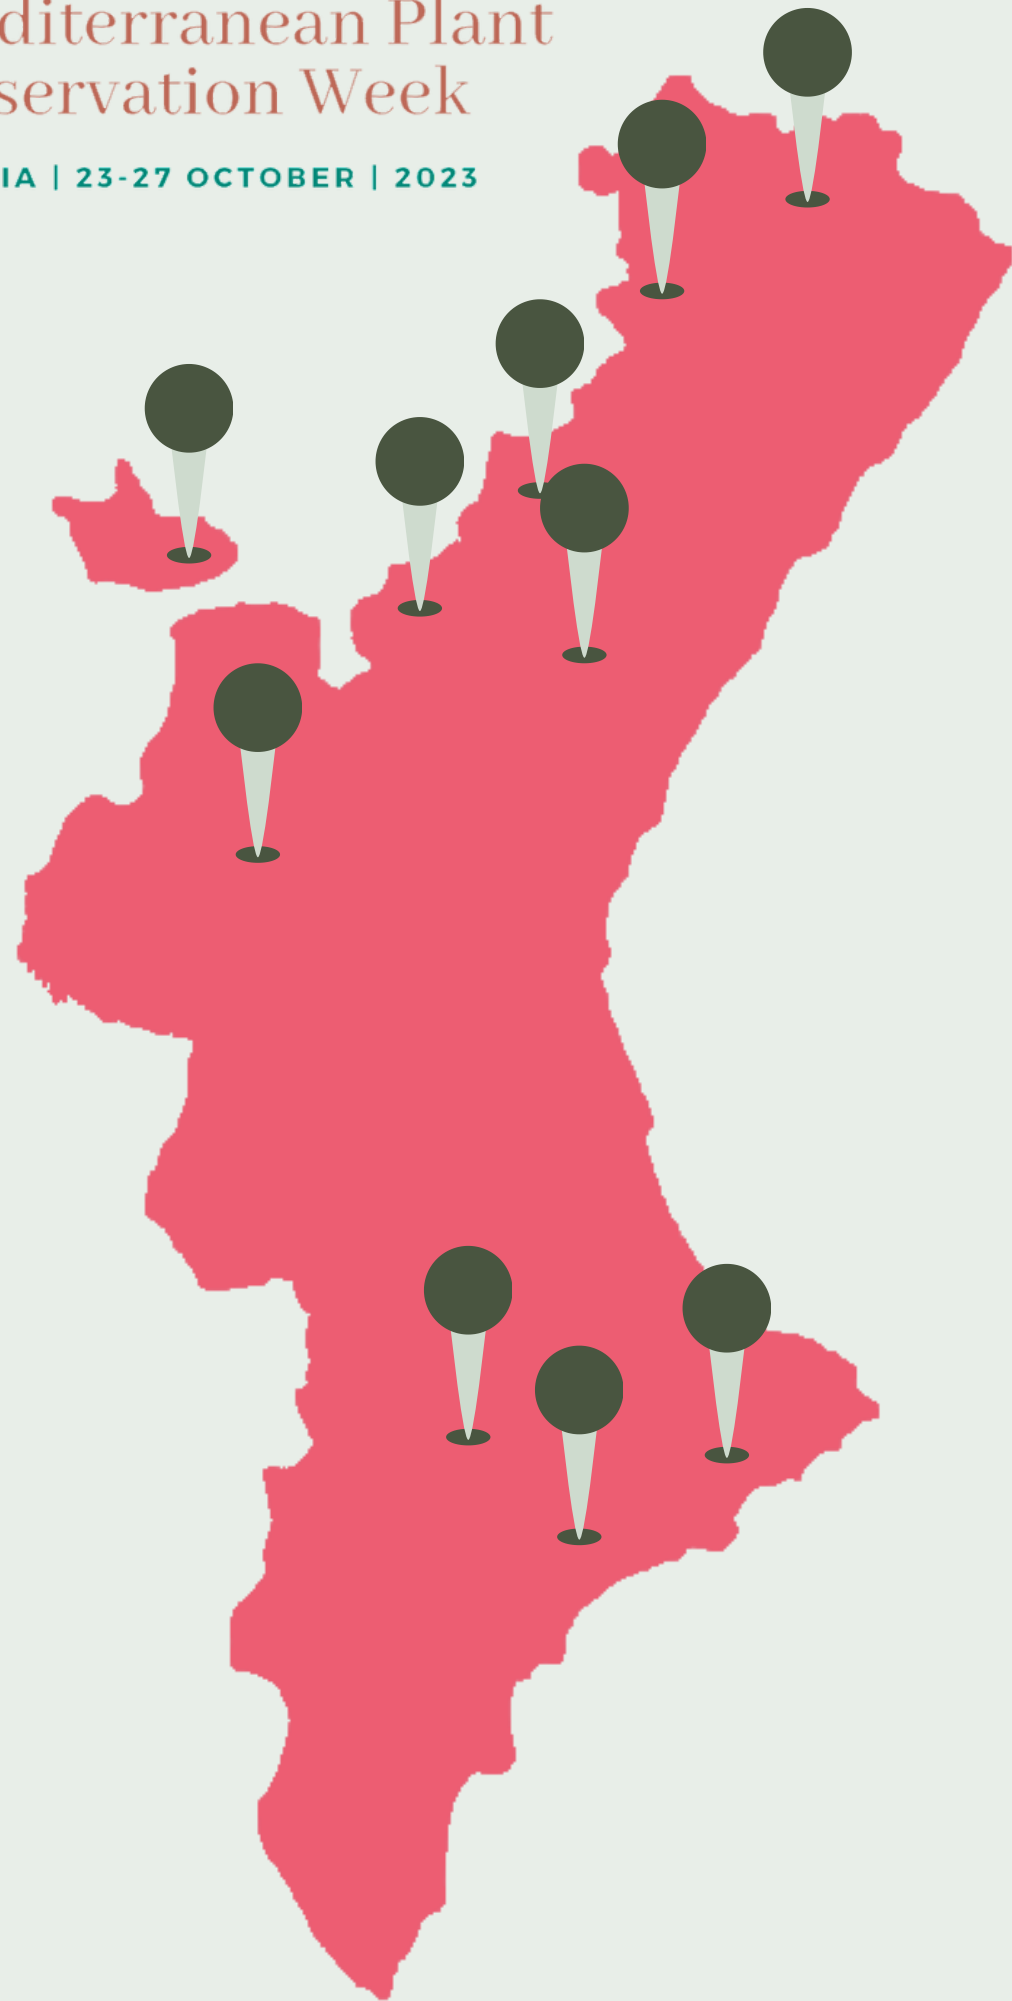

## 4th Mediterranean Plant Conservation Week

VALÈNCIA | 23-27 OCTOBER | 2023

### Our participatory process:

- **7 workshops** designed to cover all the territory
- working with **local partners**
- mapping the territory to **reach all relevant local agents**

4th Mediterranean Plant  
Conservation Week

VALÈNCIA | 23-27 OCTOBER | 2023

## Our methodology:

**1** Presentations

**2** SWOT & mapping

**3** Proposals  
+ **snack!**

4th Mediterranean Plant  
Conservation Week

VALÈNCIA | 23-27 OCTOBER | 2023

## Our **results:**

- Over 125 people from different backgrounds: **local administrations, environmental associations, education...**

...who are likely to explain the project to more people and spread the word.

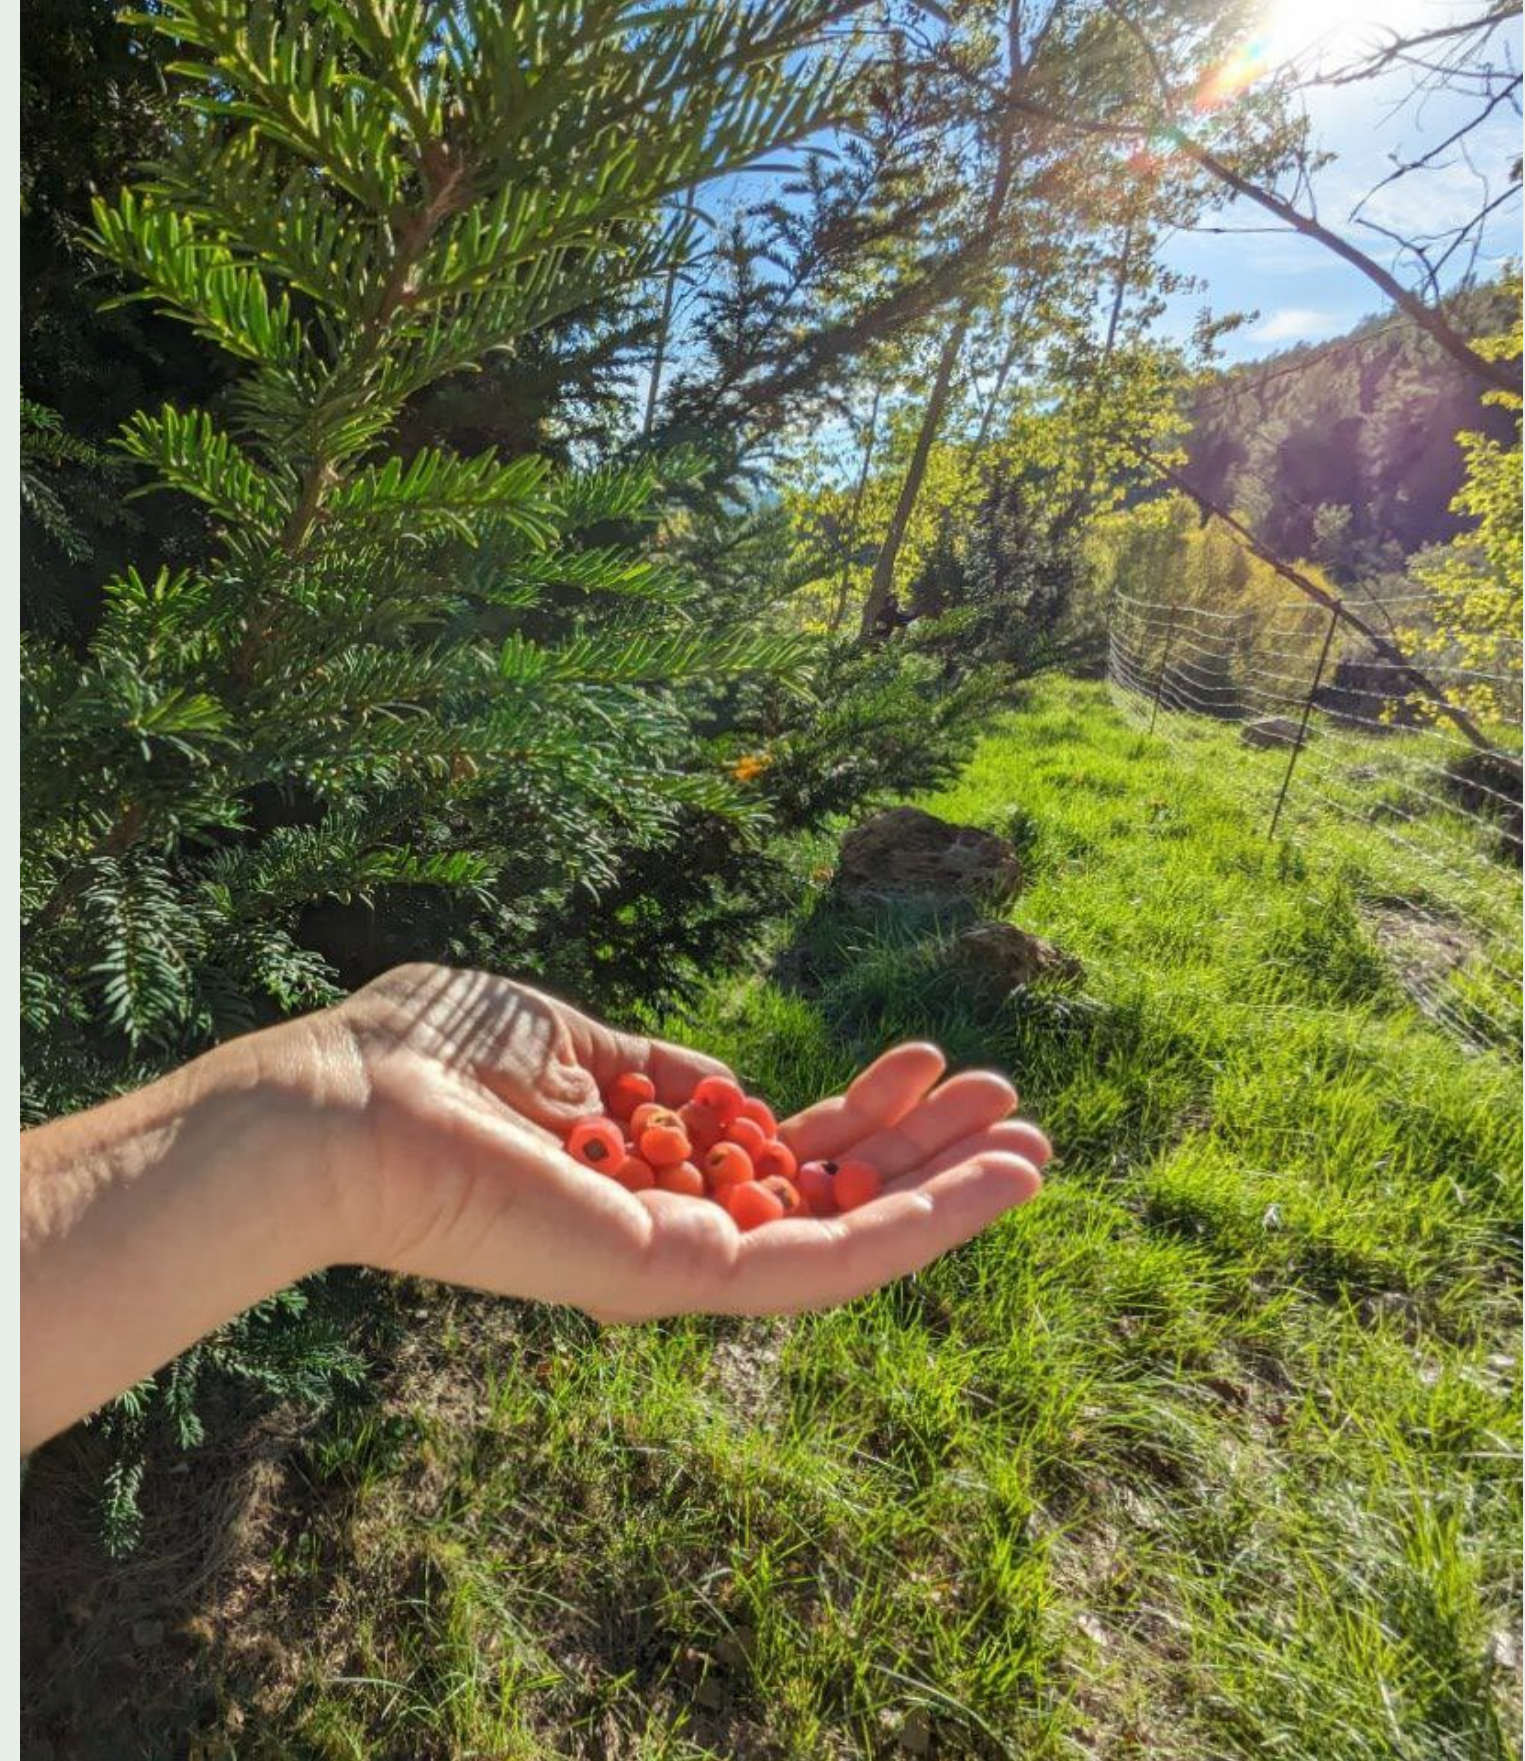

## 4th Mediterranean Plant Conservation Week

VALÈNCIA | 23-27 OCTOBER | 2023

### We have learnt:

- How much they know about **yews in their area** and how involved they are in their preservation.
- How local citizens perceive our project: **strengths, weaknesses, oportunities and threats**.
- How **they can contribute** to help us achieve our goals.
- What **they expect** from LIFE Teixeres.

## 4th Mediterranean Plant Conservation Week

VALÈNCIA | 23-27 OCTOBER | 2023

Thanks to this, we will be able to:

- Design more **effective actions** and adapt to the needs of each specific area
- Work with the **complicity of citizens**
- Count with the support of new **local partners**
- **Raise awareness** on yew preservation
